Mr. Ralph began by explaining the Independent Auditors' Report and what the various sections meant and noted that in their opinion this is a clean audit and that they were presenting a professional audit of the financial statements and there were no changes to the net assets of this condominium.

Mr. Ralph explained both Operating and Reserve Funds and stated that future allocations to the Reserve Fund be \$102,950.00 a year through 2018 inclusive, increasing thereafter at the rate of inflation, which the Reserve Fund Study assumes to be 2.5% a year.

Mr. Ralph enlightened adequacy of the Reserve Fund is based upon assumptions as to the future interest and inflation rates and estimates of the life expectancy of the building components and their replacements costs. These factors are subject to the change over time and the changes may be material: accordingly, the Condominium Act requires the Reserve Fund studies be updated every three years.

Mr. Ralph wished to draw attention to Commitments the Corporation has entered into a contract for winter maintenance for the period ending April 30, 2018 and property management services.

With respect to Income Taxes Mrs. Choudhury explained that the Corporation is a not-for-profit organization and hence is exempt from income taxes. However, income tax still has to be filed on annual bases.

Mr. Ralph stated that there was no remuneration paid to officers and directors during the year for services provided in their capacity as officers and directors of the Corporation.

Mr. Ralph indicated that Capital Management is a not-for-profit entity and relies on revenues generated annually. There are two accounts, Operating and Reserve, the Operating being used for daily operations and Reserve Funds being used for major and unforeseen work.

Mr. Ralph itemized that the necessity to increase contributions (in accordance under subsection 94(8) of the Condominium Act 1998) to ensure sufficient future funding of the operating and reserve fund.

Mr. Ralph pointed out that the Operating funds are slightly in deficit in the amount of \$ 10,716.00.
