CCC 276 – Sandhamn Private – Spring 2024

Annual General Meeting

Homeowners, please be advised that the upcoming Annual General Meeting (AGM) will be conducted virtually on Wednesday, May 15th. This meeting is a pivotal event for our community, and your participation is vital to ensure that all voices are represented.

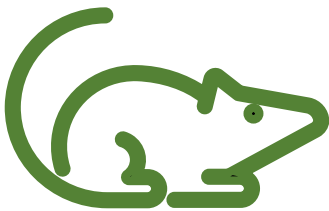

The AGM will address key issues, including budget approvals, board elections, and community initiatives. Attendance via the virtual platform will enable homeowners to engage in discussions, cast votes, and stay informed about the community's direction and governance.

For those unable to join the live virtual session, proxy voting remains an option. You may designate a proxy to vote on your behalf by assigning this role to the manager, a board member, a neighbor, or by submitting your proxy form to the office mailbox.

We encourage all homeowners to take part in this important virtual gathering.

Your participation is crucial to the democratic process that guides our community.

Rodents

The community continues to face challenges with the presence of rats. While this is a city-wide issue, the frequent sightings and instances of rats entering homes have raised concerns.

A pest control company has been engaged, and bait stations were deployed throughout the spring, which initially reduced sightings. However, due to recent reports, we have requested that the pest control company increase the number of bait stations in various areas around the property.

Contractors have been hired to repair potential entry points for which the corporation is responsible, such as exterior cladding and dryer vents. Pass-throughs resulting from owner modifications, such as air conditioning pipes and fireplace exhausts, are the responsibility of the owners to inspect and maintain.

Prevention is key. We urge all owners to recognize the severity of this community issue and take proactive measures to deter these pests. Please eliminate clutter that may encourage nesting and remove attractants like bird feed and pet waste from your exclusive-use common areas.

This newsletter is for information only. Official notifications will be made where required by provincial regulations or corporation rules.

This newsletter has been authorized by the Board of Directors for CCC276.

Board of Directors

Currently, only two individuals have volunteered to continue their service—Chris Hendriks and Fiona Cornel. We are hopeful that you will support their dedication and commitment to serve for another term.

Chris is completing his second term on the board and took over the role of president from Chris Dunn who “retired” from the board last year.

Fiona joined the board mid-year to fill a vacancy and is eager to continue to support the community, homeowners, and the health of the corporation.

However, a thriving community requires a diversity of voices and talents, and we are seeking additional volunteers to bring fresh perspectives and ideas to the table. Serving on the board is a rewarding (but challenging) opportunity to directly impact the decisions that shape our neighborhood's future.

To express your interest or to learn more about the responsibilities and rewards of being a board member, please reach out to us prior to the AGM. There will also be a final call for volunteers during the meeting. We welcome all homeowners who are eager to contribute to our community's success.

Respectful Communication

We would like to remind everyone that all communication with the manager and the board should always remain respectful. There has been an increase in disrespectful communication, which will not be tolerated. **We all need to work together to maintain a safe, respectful community.**

Additional Note: The board plans to meet with CMG management after the AGM to address some of the issues within the current property management processes that may be contributing to the frustrations experienced by owners.

Our Shared Home

Please take care of our community. Any owners who cause damage or create maintenance issues for the corporation through negligence or intention will be charged back for costs. Please pick-up after your pet, collect cigarette butts, and dispose of waste in accordance with city guidelines.
